REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 2/18/2004 has been entered.

In consideration of the RCE and Reply (2/18/2004) and in reconsideration of the prior Office Actions and responses thereto, the claimed invention is neither expressly disclosed nor fairly suggested by the prior art. The prior art does not disclose or make obvious a dosage form comprising two layers, the first layer comprising swellable polymer sufficient to retain swell and retain the dosage form in the stomach, the second layer laminated to the first comprising an active agent and swelling to a lesser extent than the first and a band of insoluble material circumscribing only a portion of and binding the first and second layer together.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
